ELABORATE PLANS ARE BEING MADE

CLEVELAND IS PREPARING FOR
REPUBLICAN NATIONAL CON-
VENTION IN THAT CITY

EXPECT 50,000 VISITORS

Ohio City Looks For Record Crowd
At Convention. Wireless to Be
Used. Hotels In Readiness

CLEVELAND, Ohio, April 5.—(United Press)—The local committee on arrangements for the Republican National Convention expects a record visiting list, according to Colonel Carmi Thompson, its chairman.

The Cleveland public auditorium, where the convention will be held, will accommodate only 12,000 people. However the local committee, realizing that thousands in excess of this number will be here for the convention, has planned to care for 50,000 others in a novel way.

A series of bleachers, which will accommodate 50,000 persons, will be erected around the great auditorium, and the speeches before the convention will be carried outside the building through hundreds of "loud speaking" reproducers.

Delicate recording instruments will be placed around the speakers' platform in the hall, so that whatever is said may be clearly reproduced for the thousands surrounding the auditorium.

For the first time in history the speeches before the convention also will be broadcast. A powerful radio station will be in constant operation during the convention.

It is not believed that the practically certain nomination of Calvin Coolidge will detract either from the interest or the attendance. A vast number of Republicans, local party leaders say, have had their fighting blood aroused by the oil scandals, and will attend to show their party loyalty, if nothing else. Then, too, a number will be attracted by the hope of fireworks between the regulars and the progressives over the platform.

The District of Columbia and thirty-eight states have secured reservations to date.

Delegations to be at the Statler include: Illinois, part of the Kansas delegation; part of the Indiana delegation; New Hampshire, Michigan, Washington and District of Columbia. The Hollenden Hotel will be the headquarters for delegates from Arkansas, California, Missouri, New Jersey and Oregon.

At the Olmstead Hotel will be the Arizona, Colorado and Utah delegations.

Delegates from Delaware, part of those from Florida; and Idaho, Iowa, Minnesota, North Carolina, Wisconsin, Ohio and Vermont will stay at the Winton Hotel.

The delegates from Kentucky, Maine, South Dakota and part of those from Oregon will be at the Cleveland Hotel.

At the Euclid Hotel will be part of the Georgia delegation, and New Mexico.

Delegates from North Dakota, Tennessee, Virginia, West Virginia, Nevada and Montana will be cared for either at the Doanbrooke or Sovereign two of Cleveland's apartment hotels. Oklahoma and Nebraska delegations will be at the Colonial Hotel.

The Connecticut delegation will stay at Wade Park Manor, an apartment hotel.

The present arrangements are for Coolidge headquarters at the Hotel Statler. The President will, of course, not attend. Senator Hiram Johnson of California, so far the only opponent of President Coolidge for the nomination, will have headquarters at the Hotel Cleveland.

The individuals who have already made reservations include: Will Hays, movie "czar," formerly chairman of the Republican National Committee; C. Bascom Sloop, secretary to President Coolidge; Charles B. Warren, ambassador to Mexico; Nicholas Longworth, Republican House leader; John T. Adams, chairman of the Republican National Committee; Andrew W. Mellon, Secretary of the

Treasurer; Mrs. Warren G. Harding; Mrs. O. H. Belmont; New York, woman's party leader; Alanson B. Houghton, Corning, N. Y., Ambassador to Germany; Charles W. Fairbanks; Brig.-Gen. C. E. Sawyer, Mrs. Medill McCormick, and Cornelius Vanderbilt, wealthy publisher, and four of his editors.

MONON HAS COSTLY WRECK

TWENTY FREIGHT CARS PLUNGE
INTO WABASH RIVER WHEN
THE BRIDGE COLLAPSED

Twenty cars of a southbound freight train on the Monon railroad plunged into the Wabash river three miles north of Lafayette Friday morning at 5:58 o'clock when the north span of the railroad bridge collapsed. All members of the train crew escaped injury.

The cause of the disaster has not yet been definitely determined, but William H. Fogg, general superintendent, is of the opinion that the span was pulled down by the shattering of uprights of the bridge by a carload of steel car frames prejecting from the freight train. Several cars of these frames were in the train and it is believed that one of the supporting stakes broke, permitting the load to topple over to the side and wreck the superstructure of the span, this causing the collapse of the entire truss.

According to the company's figures forty-nine of the cars passed over the span safely, twenty went into the river, and nine at the rear of the train, with the caboose, remained on the track north of the river.

Of the cars that went into the river, fifteen were loaded with merchandise and five were empty. Three of the empty cars floated down the river, one of them being carried 200 yards before it sank. Salvaging operations will be made more difficult by the flood stage of the river.

The accident was one of the costliest in the history of the railroad. Officials stated last evening that it was impossible to estimate the total loss until records of the contents of the cars could be examined. The north span of the bridge was completely demolished, and it was stated by company engineers that it would be three weeks before the span can be replaced.

CONVENTION WILL CLOSE TO-NIGHT

PAN-HELLENIC CONVENTION
HELD AT DEPAUW DRAWS
TO CLOSE

DUZER DU PERFORMANCE

Play This Evening at Little Theatre
Will Conclude Two Day's Program
Committee Is Appointed Today

Meetings of the state Pan-Hellenic convention, which is now in progress in Greencastle, were resumed this morning at 9:00 in Daugherty Hall with round-table discussions which continued until noon.

The discussion this morning concerned fraternity rushing and bidding as it is practiced in the eight different colleges represented at the convention. Delegates from these schools gave their local Pan-Hellenic rulings concerning such things as the length of rush number of parties allowed, and amount of money to be spent. A curious situation was discovered at Hanover College where the girls are not allowed to mention sorority during rush, but all the rushing is done by the men of the campus. This is in direct contrast to the condition at DePauw, where a man can speak of sororities to a rushee only on the penalty of the rushee becoming ineligible to be pledged by any sorority.

The question of preferential bidding was also taken up. A committee composed of Mrs. Richardson, national president of Alpha Phi, Margaret DeCon and Mildred Swain were appointed to make resolutions and present them at the afternoon sessions.

After the guests had been entertained at luncheon at the various sorority houses, the round-table gross again assembled and took up the subjects of second year initiation, rough initiation, payment of chaperones and house finances.

The banquet tonight at the College Avenue Church will be followed by a theatre party, the entire party being entertained at the Duzer Du production of "Rollo's Wild Oat."

A NEW TAX BILL COMING

SENATE WILL BE BUSY NEXT
WEEK WRITING NEW
TAX LAW

WASHINGTON, April 5.—A new tax bill—the one that finally will become a law—will be written next week on the floor of the senate. The senate finance committee planned to fish late tonight its three weeks work on the measure, passed by the house. The new bill as finally passed, will probably provide for a forty per cent maximum surtax instead of the 44 per cent of the house bill. A tentative agreement for this revision has been reached between progressives and Democrats who can control the senate.

CARNIVAL A DECIDED SUCCESS

STUDENTS OF THIRD WARD
SCHOOL ENTERTAINED PAR-
ENTS, ON FRIDAY NIGHT

A SPLENDID PROGRAM

Hundreds of People Attend the Car-
nival. Proceeds to go to Improve-
ment of Building and Grounds

Approximately five hundred people including the pupils were crowded into the Martha Ridpath School on east Elm street Friday night to attend the old fashioned carnival which was given by the students.

With a carefully arranged program the children treated the "old folks" with a real for sure carnival. The first of the program was given over to the plan of making the parents acquainted with the work being done by the children and showing them around over the building.

Following this period the crowd adjourned to the second floor of the building where they were invited to witness the mysteries of the carnival. Freak shows, picture galleries, fortune telling stands, and many other mysterious booths made up the show, admittance into which was a small sum. Also the children sold sandwiches, coffee and cakes to the hungry guests. One of the interesting parts of the program was that given by Mr. and Mrs. B. T. Riley, Miss Wilma Vancleave and Mr. Heber Ellis who sang two beautiful selections for the guests.

For the remaining part of the program the parents were allowed to wonder over the building and enter those shows that they wished. The program in all was said to be a decided success. The proceeds from the carnival will go to the improvement of the school and play grounds.

The Association wishes to thank the following firms for their co-operation in making a success; S. C. Prevo & Sons, Owl Drug Company, Jones Stevens Co., Trick Brothers, R. P. Mullins, Moore & Cook, Christie & Potter, J. E. McCurry, Allen Brothers, J. K. Langdon & Co., Hamilton's Book Store, J. F. Cannon & Co., Miss Alice Thompson and Miss Effrey Voliva.

The limit for rate of speed on the national road is twenty-five miles per hour and the speeders were making a little over sixty miles per hour. The men were arrested by Carmichael and an open court with Squire R. H. Newgent presiding, was held on the road. Four of the speeders plead guilty and one pleaded not guilty. He will be tried before R. H. Newgent Monday morning.

FORMER DEPAUW MAN GIVES
BRIEF TESTIMONY IN TRIAL
OF THE GOVERNOR

TO PLAY TRUMP CARD

The State Is Ready to Introduce
Handwriting Experts as Witnesses
In Case Against Executive

INDIANAPOLIS, April 5.—Prosecuting attorneys in the trial of Governor Warren T. McCray on charges of embezzling \$155,000 from the Indiana State Board of Agriculture were ready today to play their last trump card with the introduction of handwriting experts as witnesses.

The experts, according to Clarence W. Nichols, special prosecutor, will be asked to identify the handwriting on four notes given by the governor to the state board of agriculture as collateral for the \$155,000. The prosecution contends these notes strengthen its case against McCray by proving the signatures on the notes were written by him.

The state is expected to rest its case today after the testimony of the handwriting experts and that of state bankers who have not yet told of McCray's indebtedness to their institutions on March 1, 1923, when a financial statement given the board by McCray showed liabilities of a little more than half a million.

Testimony of about eighty bankers during the last three days has revealed that McCray's liability of that date on personal debts and indirect obligations was \$1,416,000, more than \$900,000 in excess of his statement.

The conclusion of the state's case today will pave the way for defense attorneys to start introduction of witnesses Monday. They will center their attack on the story of L. Newt Brown, star witness for the state, who contends the board of agriculture money was given McCray for deposit in the Discount and Deposit bank at Kentland, of which McCray was at that time president.

The state was unsuccessful in its efforts to have Felix McWhirter, president of the Peoples State Bank of Indianapolis, tell of the contents of an affidavit given him by W. J. Hendry, one of McCray's farm managers.

The affidavit, it was understood, contained information regarding notes McCray had given McWhirter's bank. McWhirter said the affidavit had been turned back to McCray when the latter took up his notes.

CHICAGO, April 5.—A gas leak was today believed responsible for the fire which last night destroyed St. James Methodist Episcopal church, doing damage estimated at \$300,000. The church was the home of the wealthiest congregation in Chicago.

A piano valued at \$2,500 was the only article saved.

An explosion preceded the fire, and police believe this was due to an accumulation of gas from a leaky pipe. Edward Rector and Roy O. West, both well known here and in DePauw, are trustees of this church. Bishop Thomas Nicholson lives just around the corner from the church and his home was also considerably damaged by the fire.

Impressive Services to be Conducted On Sunday When Deacons and Deaconesses Will Be Ordained

MARION, Ind., April 5.—Conference of boys at the North Indiana Conference of the Methodist Episcopal church ended here today with leaders expressing satisfaction at the progress reports for the year.

Much remains to be done, however, it was pointed out to offset the many influences at work to minimize the importance of the church.

Apart from the announcement of appointments by Bishop Leete Monday, perhaps one of the most important and impressive features of the conference will be the ordination of deacons and deaconesses Sunday.

Delegates to the general conference, elected yesterday, were instructed to countenance no effort to lift the ban on card playing and dancing by members of the church.

Fred E. Beauchamp, Sheridan, was elected president of the lay conference, and F. W. Greene, secretary, yesterday.

OBITUARY

Mary Louise Garl, daughter of Mr. and Mrs. Jack Garl was born October 20, 1912 and died March 30, age 11 years, 5 months and 10 days.

She leaves a father and mother, two sisters, three brothers and a large number of relatives and friends to mourn her loss. Mary had been sick for some time with that dread disease, heart trouble and dropsy.

Little Mary was a bright and pleasant child and the pride of her home, but God always loves bright flowers so He took this one for his garden where not a blight can touch father and mother. You have seen her suffer. You have stood by her many long, sleepless nights, hoping, praying, that she might be restored to health. Brothers and sisters, remember your loss is her gain; she is with the shining angels in that beautiful city of gold beckoning you to come prepared to meet around that great white throne. Grieve not, dear friends and relatives, wish her not back to suffer as we knew she did.

Mary was loved by all who knew her and will be missed in the home and among her friends.

The funeral was held at the Presbyterian church at 2 p. m. Tuesday, conducted by Rev. V. L. Raphael. She was laid to rest in Forest Hill cemetery. Six of her playmates acted as pallbearers. Evelyn Carpenter, Katherine Todd, Lucile Jordan, Maryella McCurry, Francis Roberts and Viola Grimes.

Oh, how dear we loved you, Mary. But the angels loved you more. They have sweetly called you To yonder shining shore.

The golden gates were open. A gentle voice said, "Come." And with farewells unspoken, She sweetly entered home.

CARD OF THANKS

We wish to thank our neighbors and friends for their kindness and help through the sickness and death of our darling little girl, Mary, and for the beautiful floral offerings in our recent bereavement, also Mr. McCurry, the undertaker and the minister for his words of comfort, also the singing.

MORE EVIDENCE

WASHINGTON, April 5.—New strands in the web of accusation being woven around former Attorney General Daugherty were being unraveled today by Senator Wheeler as the senate investigating committee rested from four weeks' labor.

In checking up on the witnesses and evidence yet to be heard, Wheeler estimated that at least two months more of open hearings were in prospect.

"While we have had abundance of evidence ready for presentation for weeks, every day brings up new angles that we cannot afford to overlook," said Wheeler. "Now that we have started we must go to the bottom of hat appears to be a rotten mess in the department of justice."

Little Miss Margaret Peck entertained a number of her school friends Saturday afternoon at the home of her parents, Mr. and Mrs. Will B. Pick, on east Anderson street. The affair was in honor of her tenth birthday and there were about twenty of her friends present. Games were played and an enjoyable afternoon was spent. Many useful presents were received. During the afternoon refreshments were served which with the decorations, were in the nature of Easter.

Yesterday's Luxury Is Today's Necessity

A great many people mistakenly consider a Checking Account a luxury, where, as a real matter of fact, it affords features of convenience and safety that make it a "necessity." But—consider it as you may, this bank certainly places the advantages of a Checking Account within the reach of all, when one dollar and one minute are all you need to—

ANOTHER "BLUE BEARD"

FRENCH POLICE ARE BUSY
SEARCHING FOR ANOTHER
WOMAN FASCINATOR

LYONS, France, April 5.—Police here are investigating the mysterious disappearance of an attractive young widow under circumstances recalling the notorious "blue beard" Landru murders.

The widow, as in the case of Landru's victims, answered an advertisement to visit a man who claimed to handle investments very profitably for people of small means, particularly women. She has not been seen since.

Preliminary investigations of police reveal that several other women have disappeared under similar circumstances and the think a "blue beard" may be responsible.

HOME FROM SEYMOUR

Mrs. and Miss Jay, pastors of the local Nazarene church just returned from their Annual Preacher's Convention which was held at Seymour, Ind.

It was an inspiring assembly of pastors and Evangelists of the Indiana District. Also a number of visitors were present. The program was fine, Dr. C. E. Hardy of Nashville, Tennessee, President of Trevecca Nazarene College, lectured the preachers each morning, and also preached at the evening services. His ministry was greatly appreciated.

POLITICIANS BUSY

Saturday was another busy day for
political candidates in Putnam County.
With the primary election only a
few weeks away, office aspirants spent
the day in the city meeting their
friends and making new acquaint-
ances.

Party leaders of the county and
candidates had their heads together
talking over the favorable prospects
in this township and the rather
doubtful chances in that county. The
race for the Democratic nomination
for sheriff of the county and the nom-
ination of a Democratic candidate for
Congress from the Fifth District seem
to hold the interest of the voters on
both sides.

Ira Knoll, of Cloverdale, was a bus-
iness visitor in this city today.

Lesson for April 6

THE KINGDOM RENT ASUNDER

LESSON TEXT—1 Kings 12:1-32.
GOLDEN TEXT—"Pride goeth before
destruction, and an haughty spirit be-
fore a fall."—Prov. 16:18.
PRIMARY TOPIC—The Story of a
Foolish King.
JUNIOR TOPIC—Rehoboam's Folly.
INTERMEDIATE AND SENIOR TOPIC—
The Division of the Kingdom.
YOUNG PEOPLE AND ADULT TOPIC—
Why the Kingdom Was Divided.

The kingdom so gloriously adminis-
tered in David's time reached its
climax in the time of Solomon. Solo-
mon was led astray through the influ-
ence of his heathen wives, and the
kingdom had begun to wane. God had
expressed his indignation toward him
and made known the fact that the
kingdom was to be rent from him, yet
not in his time, but in the time of
Rehoboam (1 Kings 11:9-13).

I. The Demand of the People (vv. 1-4).
This was occasioned by the burden
of excessive taxation and enforced la-
bor, which was required by Solomon
in order to build costly houses and
temples for his heathen wives. Owing
to the multiplicity of his wives, this
became very burdensome. They prom-
ised loyalty to him on the condition of
lightened burdens.

II. Rehoboam's Foolish Decision (vv. 5-15).

**1. Rehoboam Consulted With the
Old Men (vv. 5-7).** These were men
of experience who had been Solomon's
advisers. They advised that the peo-
ple's request be granted.

**2. Rehoboam Consulted the Young
Men (vv. 8-11).** These young men
had grown up with him, possibly were
his half-brothers, sons of Solomon's
many wives. Being thus brought up in
the luxury of the harem, they were ig-
norant of the legal right of the people.
Therefore, they advised even that the
burdens be increased.

**3. Rehoboam Followed the Advice
of the Young Men (vv. 12-15).** At the
appointed time he announced his pur-
pose to the people. He even answered
them roughly, asserting his purpose to
increase their burdens and sorrows.

III. The Revolt of the Ten Tribes (vv. 16-24).

Upon Rehoboam's announcement of
his rash purpose, all Israel cried out,
"What portion have we in David?
... to your tents, O Israel."

**1. Rehoboam's Attempt to Collect
Tribute (vv. 18, 19).** Adoram, his
tribute gatherer, was stoned to death.
So violent was the opposition on the
part of the people that Rehoboam had
to flee to Jerusalem to save his life.

2. Jeroboam Made King Over Israel (v. 20). They seemed to have lost no
time in selecting a head so as to be
strong in their opposition to Reho-
boam.

**3. Rehoboam's Attempt to Compel
the Ten Tribes to Return to David (vv. 21-24).** To effect this, he assem-
bled his army of 180,000 men. Through
the prophecy of Shemlah, which for-
bade them to go against their brethren
they were persuaded to return.

**IV. Jeroboam's Scheme to Unify the
Ten Tribes (vv. 25-33).**

1. He Established Calf Worship (vv. 25-30). His pretext for this worship
was his fear lest the religious unity
should heal the political separation.
His fear was that the people would
go back to Jerusalem to worship and
therefore would gradually be led to
acknowledge allegiance to Rehoboam
and his own life would be taken. He
was too shrewd a politician to do
away with religion. He knew that
religion was a powerful factor in
man's life. The prevailing religion
of the world today is a political one.
It is used as a sort of cement to hold
together people and political interests.

2. His Scheme of Worship (vv. 31-33).

(1) He built houses and high places (v. 31). This was against the direct
command of God. God had directed
His people to destroy the high places,
to break down the idolatrous centers.
**(2) He made priests of the lowest
of the people (v. 31).** God had set
aside the tribe of Levi to fill the office
of priesthood. In this again he dis-
obeyed God.

**(3) He changed the day of the Feast
of the Tabernacle (v. 32).** The time
of this feast was set by the Lord
(Lev. 23:33, 34). Jeroboam argued
that the change in the time would be
better suited to their northern climate,
but God who made the climate or-
dained the time of the feast. It was
his business, therefore, to obey God.

**(4) Jeroboam himself intrudes into
the priest's office.** This act of pre-
sumption on his part was the climax
of his godless acts, which all grew
out of his wicked heart.

A Good Policy

For this is my maxim. I hold that
the party receiving an obligation
should ever remember it, the party con-
ferring it should forget it immediately,
if one is to act with honesty, the other
without meanness.—Demosthenes.

Are Found Together

Propriety of thought, and propriety
of action are commonly found to-
gether. Obscurity and affectation are
the two great faults of style.—Macau-
lay.

Diseases traced to constipation are many —get permanent relief with Kellogg's Bran

Why does constipation breed other
diseases? Because it floods your sys-
tem with dangerous poisons. And the
longer you suffer, the more poisons
accumulate. That is why constipation
should be relieved at once.

Doctors recommend Kellogg's Bran,
cooked and krumbled. They know it
brings results because it is ALL bran.
And only ALL bran can be 100 per
cent effective in relieving constipation.

ALL bran — Kellogg's — sweeps,
cleans and purifies the intestine. It
acts as nature acts. It makes the in-
testine function naturally and regu-
larly. If eaten regularly, it will bring
permanent relief in the most chronic
cases of constipation—is guaranteed

to do so or your grocer returns your
money.

Eat at least two tablespoonfuls
daily—in chronic cases, with every
meal. You will like the wonderful
Kellogg flavor—so crisp and nut-like
—so different from ordinary bran,
which are most unpalatable.

Eat Kellogg's Bran, cooked and
krumbled, with milk or cream. Sprinkle
it over other cereals. Cook it with
hot cereals. And by all means try it
in the recipes given on every package.

Kellogg's Bran, cooked and krum-
bled, made in Battle Creek, is served
in individual packages by the leading
hotels and restaurants. Sold by all
grocers.

ONLY ONE FOR COOLIDGE

MILWAUKEE, Wis., April 5.—Only one Wisconsin delegate to the Republican national convention will be pledged to President Coolidge, it was indicated today by the almost complete count from Wisconsin's primary election. All the other delegates, pledged to Senator Robert M. La Follette, won by two to one over the Coolidge slate.

Delegates at large pledged to Governor Al Smith at the Democratic convention in New York had a big lead over McAdoo delegates and every indication points to this lead being increased as additional returns from outlying sections of the state come in.

A NEW WITNESS

WASHINGTON, April 5.—Heber Votaw, superintendent of federal prisons and brother-in-law of the late President Harding, may be subpoenaed by the senate Daugherty investigating committee, in connection with testimony of Wm. J. Burns and J. S. Dyche, former warden of Atlanta penitentiary, that he blocked an investigation into the drug traffic at the prison, it was said at Chairman Brookhart's office today.

Votaw probably will not be subpoenaed until after the committee cleans up some of the "leads" on which it is now working but committee members said they expect eventually to summon him to explain why he stopped the drug investigation in the face of pleas by both Burns and Dyche that it be permitted to continue.

Another Proof That Buicks Satisfy

Buick owners are always reluctant to part with their cars. For Buick's dependability, its ability to master every road condition, its sturdiness, its safety and comfort all firmly establish Buick in every owner's regard. Buick has made good cars for over twenty years and the latest Buick achievement is its greatest. Let us prove this to you by a demonstration in the Buick model you like the best.

SPRING'S GENIAL MILLINERY IS ADDICTED TO FLATTERY

NOW that the quest of the Easter hat is on in earnest millinery shops are very busy and very cheerful. The spirits of the shoppers appear to rise as they try on one after another of the new styles presented, for spring millinery is very kind—it enhances one's good looks, makes a charm to grow where none grew before, adds a distinction to even the plain woman that lifts her into the attractive class. This is exactly the mission of hats—they fall in their purpose unless the wearer looks better with her hats on than without them. Never were hats more given to flattery than they are now.

Most of the hats for spring are small or medium in size and many of them are more than reminiscent of the little cloche that has reigned for several seasons. But they have taken on little brims or visors or upturned coronets. Nothing restrains these wayward little brims. It is always a case of go-as-you-please, all round the hat or part way round or twice around. Also they turn up or down when and where they will or disappear entirely at the back—they are eccentric but flattering.

Satin canton makes the pretty hat that has an upward-flaring brim, shown at the top. Figures, cut off from suede leather, are applied to it.

buttonholed down with colored and silver nail heads are scattered over the design. A pretty tulle cloche at the right has an embroidered pattern done in narrow braid—a favored decoration. Milan holds the center of the millinery and is shown in the hat with wreath of colored silk foliage ending in pompon of ostrich feathers. The net decoration of many a pretty hat is the right a bangkok straw in the shape has a scarf of silk about its crown extended into a long scarf that is wrapped about the throat. The scarf is drawn through a large hole at the right side. A pretty black shape made of a fine haircloth narrow braid decoration finishes representative group of hats. A of burnt goose feathers is mounted the right side where two handsome jet and rhinestone pins are posed.
